Software Developer

C# | SQL | ReactJS | HTML | CSS | Javascript | UX & UI Design | PHP | Photoshop | Angular

Summary

Recent graduate from NAIT's Digital Media & IT program. Passionate about turning ideas into action, and always looking to learn new concepts. A strong collaborator who writes well documented code and communicates effectively.

Work Experience

Box Clever

Apr. 2020 – February 2021 | Web Developer

- Part of the backend team responsible for maintaining our in-house CMS and expanding functionality based on client requests
- Responsible for app updates as per bug reports or feature changes

Education

NAIT – Northern Alberta Institute of Technology

Sept. 2018 – Dec. 2020 | *Digital Media & IT – Software Development*

- Completed classes such as: Web development, PHP & MySQL, Javascript, and Quality Assurance & Software Testing
- 4x Dean's Honour Roll: Awarded to those maintaining term GPA above 3.5

Projects

Idleon Companion

Apr. 2021 – Aug. 2021

- Worked with a small team to build out the functionality for a companion site to an idle game
- Founded a Discord for all other developers within the game's community

United Way Poverty Sim

Sept. 2020 – Dec. 2020

- Part of a 14-person team tasked with learning, developing, and preparing the web application for deployment utilizing Azure DevOps. Developed a strong understanding of ReactJS, and built upon skills in HTML/CSS/JavaScript & prototyping designs in Photoshop
- Entire project completed while working from home utilizing Scrum & Kanban boards to direct distanced collaboration

Online Storefront

Sept. 2020 – Oct. 2020

- Created a mock online store to familiarize myself with React web development; solution consisted of a ReactJS & Apollo Client (front-end) and GraphQL & Prisma (back-end) tech stack
